

Children and Adolescents with Problematic Sexual Behavior Professional Resources

Comprehensive

National Center on the Sexual Behavior of Youth

The mission of NCSBY is to promote better lives, through better choices by youth, caregivers, and professionals for healthier responses to and prevention of problematic sexual behavior of youth. NCSBY provides national training and technical assistance to improve the accuracy, accessibility, and strategic use of accurate information about the nature, incidence, prevalence, prevention, treatment, and management of children and adolescents with problematic sexual behavior.

NCA developed a video training series, fact sheets, webinars, and best practices to support CACs addressing this issue and serving youth with problematic sexual behaviors, their victims, and families. The three fact sheets were developed for use by CACs to educate themselves, their partners, caregivers, and communities on addressing youth and families with PSBs.
